

# “Welcome Home” **NEWSLETTER** **EXTRA - EXTRA**

## **CHAPTER 1106 AND SOLDIER STONE A TRIP TO REMEMBER AND CHERISH**

This is a special edition of our Chapter Newsletter to tell the story of a wonderful and special expedition of several chapter members, family members, and friends.

All photos courtesy of Tom Werzyn unless otherwise noted!

At the Ranger Station preparing to mount up in vehicles that can make the tough drive up the long, bumpy road to park near our final destination.

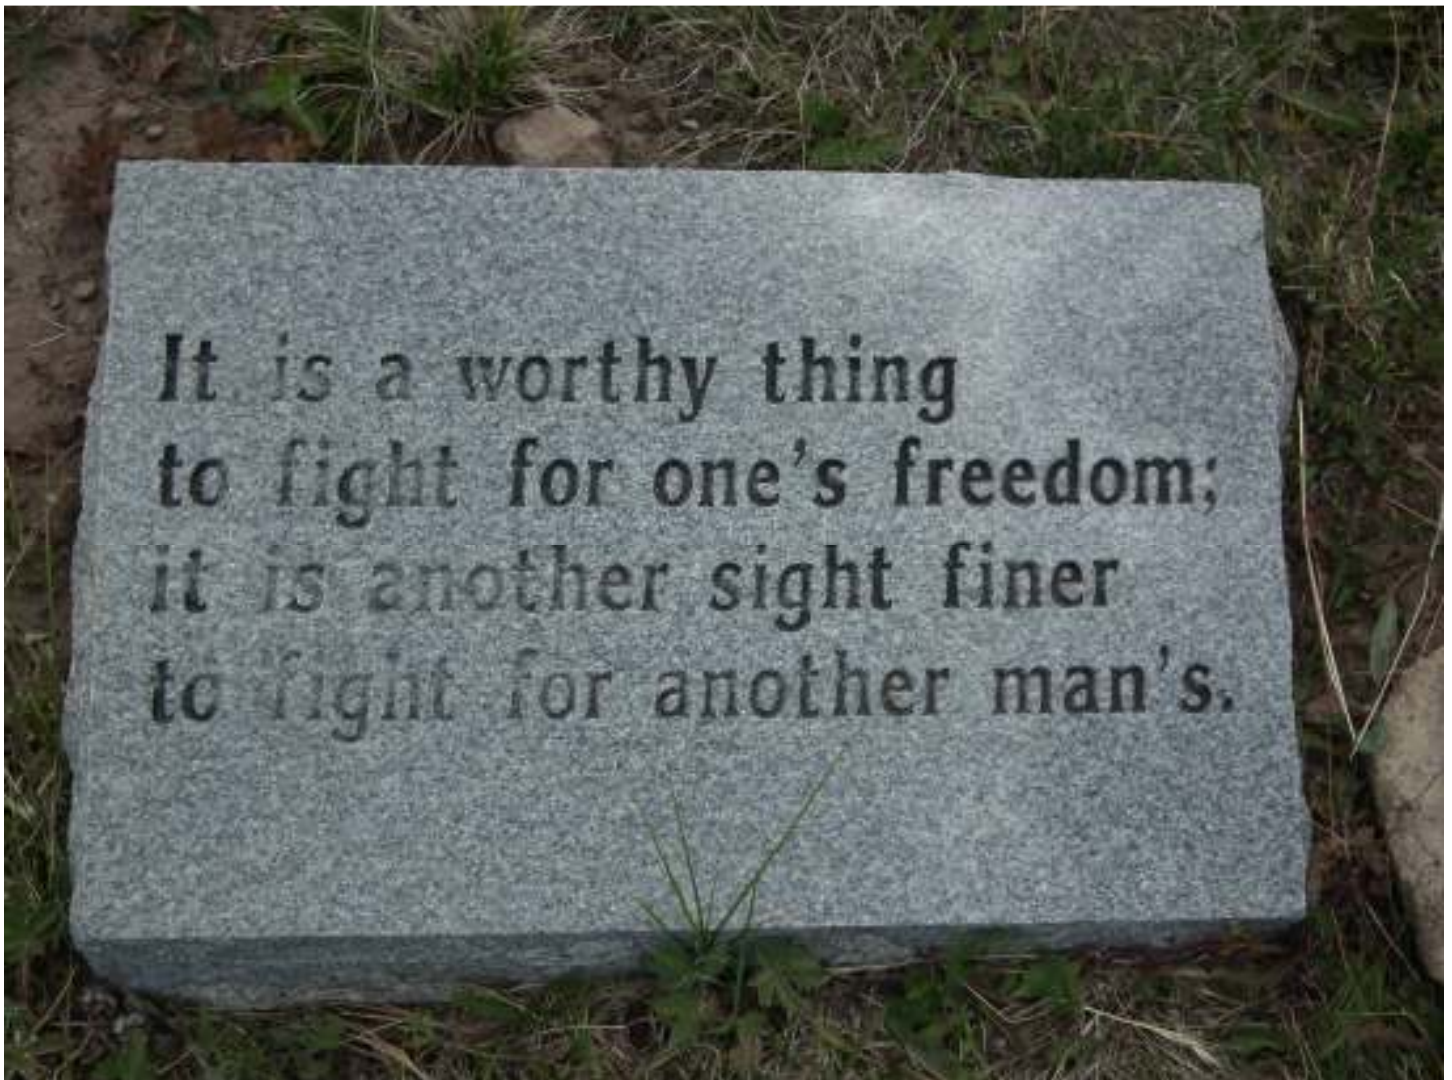

Leaving the parked vehicles behind near the top of the mountain and making the approximate 300 yard trek to make special memories!

The sides of Soldier Stone

There are many engraved granite pieces in a circular pattern with inscriptions from each country represented and written in their home language. This stone brought instant tears to this writer.

The remoteness of this place touches our heart as we served in the remote country of Vietnam!

Messages left for the fallen on eternal stone.

Why was this place chosen to honor countries that fought with America?

Proudly we stood with misty eyes of honor!
